13. Main characteristics and specific technological expertise of potential partner you are looking for:

Color Center S.A. has already found out an Indian partner, a pioneering textile research organization SITRA, whose R&D Manager is mutually known before (Dr. Tania Dey, tdey@sitra.org.in, +91 422 4215335).

However, the Indian lead applicant needs to be a (for profit) company registered under The Companies Act 1956/2013, must be at least 51% owned by Indian citizens over the total duration of the project, and will receive up to 50% of their part of the eligible cost on “Reimbursement Basis”. It is this last part where we need your help, as it is almost impossible to find out an Indian company who is ready to invest upfront in a project and get back only 50% later. Your prompt assistance in finding an Indian lead applicant company will be appreciated.

14. Are you interested to pitch your company & project at our upcoming India – Sweden meets? No
