

**Expression of Interest  
On  
India-Spain Joint Call For R&D&I Projects 2024  
Under  
INDIA – SPAIN PROGRAMME OF COOPERATION ON INDUSTRIAL RESEARCH  
AND DEVELOPMENT**

**1. Company Name: Capsber Global Agro Private Limited**

**2. Company Profile:**

- The principal goal of **Capsber Global Agro Private Limited** Research and Development unit is to develop the sustainable organic input products for soil and plant health management of various agricultural and horticultural crops
- Production and formulation development of microbial secondary metabolites from various unique strains. Our products are designed to empower global farmers with Next-Gen Microbiome Technology.
- Supporting farmers with efficient low-cost biological solution to enhance their productivity through climate smart technologies

**3. Country (India/Spain):** India

**4. Sector and subsectors:** Agriculture- Bio-Agri Inputs, Sustainable Agriculture, Microbiome Technology, Agri-Tech Innovation

**5. Year Established:** 2022

**6. Contact Information:** SW-51, No. 4, DITP, Apparel Park, Doddaballapur, Bengaluru rural-561203, Karnataka, India

**7. First Name:** ManojKumar

**8. Last Name:** R

**9. Email Id:** info@capsber.com

**10. Phone Number:** 9900993223

**11. Website:** www.capsber.com

**12. Proposed Area of Application:** Circular economy and sustainability

**13. Proposed Project Summary:** The proposed project focuses on the development of a sustainable, biomolecule-based formulation with potent nematocidal and insecticidal properties, aimed at offering an eco-friendly alternative to conventional chemical pesticides. The project encompasses a comprehensive R&D pipeline—from biomolecule selection and formulation development to efficacy trials, process upscaling, and product stability analysis. This project aims to contribute to sustainable pest management strategies by offering a biodegradable, residue-free solution that aligns with the principles of integrated pest management (IPM) and supports organic and residue-conscious farming systems.

**14. Main characteristics and specific technological expertise of potential partner you are looking for:**

We seek a Spanish partner with expertise in microbial metabolite/protein research, mostly in upscaling and trials of bioactive compounds and formulations with nematocidal and insecticidal activity. A strong interest in sustainable agriculture and collaboration under international R&D programs is desirable.

**15. Are you interested to pitch your company & project at our upcoming India – Spain meets?**

Yes, we are interested to pitch our company and project.
